3. Educational Campaign Update

- a. Bike Rodeo: Set up starts at 7:30am and volunteers are expected to arrive by 9am. Brad put together a schedule and job description for all assigned volunteers. We hope to have two obstacle courses, a registration table, and helmet booth. If there are extra volunteers, we will also have an ABC Quick Check station with a bike pump.
- b. Event Opportunities
 - i. Farmers Market: Bev Anderson and Scotty Mitchell will be hosting a ride and table at the July 3rd farmers market. Colleen and Roger will be hosting a table with kids' activities at the September 4th farmers market.
 - ii. Theatre in the Park: Bev Anderson is interested in setting up at both Theatre in the Park events.
 - iii. Spud Fest: Volunteers are unavailable to set up a booth or host a ride over Spud Fest in 2019. We will try again in 2020 to collaborate for this event.
 - iv. ECFE in the Park: ECFE in the Park is another event that we could host a ride or set up a booth for. At this time Melissa is interested in doing the August 21st event.
- c. Facebook Post Suggestions: Melissa Pribyl sent Corrie some ideas for Bike posts on social media.
- d. Fix-It Station Grant: The CentraCare grant for a Fix It Station has been awarded. Melissa Pribyl is ordering a red Fix It Station for Metro Transit to install at the Big Lake Commuter Station.

- e. Grant Opportunities: CentraCare has more grant opportunities coming up in November 2019. Melissa Pribyl has offered to help write another grant for bike related supplies. Examples would include banners and activities for community outreach.
